## About the Founders

*KaVeeTa and SuNiEL the TwinRAY Couple and Guardians of the Source-Void. They naturally emanate the Zero Point Energy the mother of all energies there is from their Unified Energy field. They are connected directly to the SOURCE-Zero Point Field and channel the purest SOURCE energy.*

*They are the founders of Kosmic Fusion which was created by them to bring the 4th state - Turiya into every single soul that has come ready to be activated. They are harbingers of the 5D+ Earth. The biggest movement out there that can, not only clear and heal Karmas but erase the Karmic Templates all together permanently and free each soul from transmigration and transient's the need to re-incarnate to learn the same old lessons over and again. They encode, activate, and initiate all consciousness from 3-4 Dimensional to multi-dimensional wave lengths by preparing non-local DNA strands to emit the Quantum Vortex Scalar Wave Photon Pulse 24/7*

*These two have come together to teach that Physical immortality is possible, and a 100% transfiguration of the body can be achieved like Kryst and many other Masters.*
